

REMINDER

DECK GORE RANGE CONDOMINIUMS WORK DAYS August 2 – 3, 2008

Several condominium associations in Wildernest hold workdays to spruce up their property. During the recent annual meeting of our association, cleaning up the grounds, landscaping, and touch-up painting areas on the buildings were identified as projects that could be accomplished at a homeowners work day. Workdays help keep Association costs down and are also a good way to get to know your fellow homeowners.

August 2 and 3 have been set as our first annual work weekend. We will work from 9:00 a.m. with a pot-luck lunch to follow. Owners not participating or represented by a tenant will be assessed \$100. This money will be used toward covering the cost of supplies used on the workdays.

You may contact the co-chairs of the committee, Matt Lit and Andrew Voth, with questions by e-mail at matthew@litfoto.com or bigvoth@excit.com.
