

Attention

SKI RUN RESIDENTS

Service Monkey will be cleaning the Dryer Vents on June 9 & 10, and doing chimney cleans and gas fireplace inspections on June 27.

This is a mandatory requirement by your HOA to reduce the risk of a fire and is paid for by the HOA. However, if they cannot access your unit on the allotted days they will be returning to do the mandatory clean at the homeowner's expense.

They will be working during the weekdays from 9:30am – 4:30pm. Please make sure to have all items that are in front of your fireplace moved for accessibility. Also, if you have a tenant in the unit, please inform them as well. Thank you for your cooperation.

If you have questions about this project please email or call Karen Shramo at:
