

Dear Ski Run Homeowners:

The snow is melting fast which I recently noted over just a week's absence. Here in Grand Junction the trees and daffodils are blooming and the tulips are up about 5 inches. Therefore, I am thinking spring already and as per the vote at the last annual Ski Run HOA meeting, I am scheduling our second annual clean up day for Saturday, June 16, 2007. We will meet in the courtyard at 8:30 AM. At the present time we are not planning on any major landscaping work involving digging holes which require 1-1/2 hours each to plant a bush as happened last year, but rather trimming and cleaning the property. Shovels, rakes, hedge clippers, pruning tools, hand gardening tools, buckets, garbage bags, chain saw (?), hoe, and pick axe are just some of the tools we needed last year, so bring what you can and extra for those who fly.

Alan will once again make the basic lunch for us and others are more than welcome to bring any side dishes. Those of use who were involved with last year's cleanup were rewarded with a sense of accomplishment, ownership, and new friendships. So mark this date on your calendar for a day of "exercise," good food and friendship.

If you cannot make this clean up day, you are welcome to donate to our landscaping fund or you could come to our fall clean up which will be scheduled around the time of our annual meeting. If you wish to donate please make the check to Neils Lunceford Nursery and send it to Nancy Friedman (address below). If you would like to sign up for the fall clean up e-mail the Ewings at bobsduce@aol.com. If you would really like to see the place look great, come to both clean up days.

Please mark you calendars and RSVP to me so we will have enough food.

Sincerely,

Nancy Friedman
