

NOTICE

ALL SKI RUN RESIDENTS

Monday May 21, 2007 - Thursday May 24, 2007

✦ WEATHER PERMITTING ✦

MULTI-LEVEL RESTORATION

Will re-surface the decking with a urethane single topcoat from Tufflex, starting with the top floor working down.

The intention is to be finished with this work before the Memorial Day weekend. To that end we ask for your cooperation:

- Please do **NOT** cross “CAUTION” tape-lines. If your unit is on the top floor it may be 4 days before you can get to the that floor.
- Please do **NOT** walk on pre-cleaned or sprayed surfaces. **RE-DOS WILL EXTEND WORK TIME.**
- Sprayed surfaces need to dry over-night.
- Please assure that your windows are closed, before May 21, for your comfort.

Please contact Julie Tamblyn at
(970) 468-6291 ext 254 with questions or concerns.
