WILDERNEST PROPERTY
MANAGEMENT

Will perform extensive repairs on the concrete
around the current dumpster location.
A temporary dumpster will be placed in the front
parking lot until work is complete.
Thank you for your patience with noise and dust.
This work will mitigate the on going ice problem
in the parking lot and should make next ski
season more pleasant.

Please call Julie Tamblin at (970) 468-6291 ext. 254
with questions or concerns.
